

Pyramid Fold

1. Fold a sheet of paper into a *taco*, forming a square. Cut off the leftover piece.
2. Fold the triangle in half. Unfold. The folds will form an X dividing four equal sections.
3. Cut up one fold line and stop at the middle. Draw an X on one tab and label the other three.
4. Fold the X flap under the other flap and glue together. This makes a three-sided pyramid.

Label front sections and write information, notes, thoughts, and questions inside the pyramid on the back of the appropriate tab.

Use to make mobiles and dioramas.
