

Three-Tab Book

1. Fold a sheet of paper like a *hot dog*.
2. With the paper horizontal, and the fold of the *hot dog* up, fold the right side toward the center, trying to cover one-third of the paper.
- NOTE:** *If you fold the right edge over first, the final foldable will open and close like a book.*
3. Fold the left side over the right side to make a book with three folds.
4. Open the folded book. Place your hands between the two thicknesses of paper and cut up the two *valleys* on the top layer only along both folds. This will make three tabs.

Use this book for writing information about three things and for Venn diagrams.
